Newsgroups, Webforen, Mailinglisten, usw.

Newsgroups:

- [comp.text.tex](#): Usenet discussion group for TeX and LaTeX
- [de.comp.text.tex](#): German Usenet discussion group for TeX and LaTeX
- [fr.comp.text.tex](#): French Usenet group
- [es.comp.lenguajes.tex](#): Spanish Usenet group

Web forums:

- [TeXWelt](#): in German, with format and organization very similar to TeX.SE
- [LaTeX-Community.org](#): LaTeX-dedicated web forum
- [goLaTeX Deutsch](#): German LaTeX forum, with Wiki
- [mrunix.de](#): very frequented German LaTeX subforum of a programmers site
- [TeX, LaTeX and friends](#) on Stack Exchange

Frequently Asked Questions (FAQ):

- [DANTE TeX FAQ](#): FAQ of DANTE, maintained by Herbert Voß and others
- [UK TeX FAQ](#): FAQ of the UK TeX Users Group, maintained by Robin Fairbairns
- [The Visual LaTeX FAQ](#): formatting samples available through a hyperlink interface
- [MacTeX FAQ](#): Mac OS X specific questions and answers
- [AMS FAQ](#): FAQ for AMS-LaTeX, primarily for AMS authors, but also dealing with amsmath and with LaTeX in general
- [de-tex-faq](#): FAQ of the German TeX user group DANTE e.V.
- [Picture FAQ](#): How to Include Pictures, in German

Software and Package Archives and Catalogues:

- [CTAN - The Comprehensive TeX Archive Network](#): the authoritative collection of materials related to TeX and LaTeX
- [The TeX Catalogue Online](#): TeX/LaTeX package catalogue with topical, hierarchical, brief and alphabetical index
- [TeX Resources on the Web](#): Collection by the TeX User Group
- [The LaTeX Font Catalogue](#): displays nearly all free fonts available for use with LaTeX

Wikis:

- [ConTeXt Wiki](#)
- [The LaTeX Wiki book](#) on wikibooks.org
- [goLaTeX wiki](#): German wiki with language reference and package information
- [LaTeX-Wiki](#): German wiki

Mailing lists:

- [texhax](#): the original TeX mailing list, going back to the 1980's
- [mailing lists of the TeX Users Group](#): around 50 lists on tug.org for general subjects and certain

packages

- [mailing lists on gmane.org](#): among many lists there are several tex related mailing lists
- [ctan-ann - CTAN Announcements](#): announcements of the Comprehensive TeX Archive Network: updates, new packages etc.
- [pgf-users](#): mailing list for pgf/TikZ
- [Typo-L](#): discussion of type and typographic design
- [tex-d-l](#): German mailing list for TeX and LaTeX

User group sites:

- [TUG - TeX Users Group](#)
- [UK-TUG](#): TeX in the United Kingdom
- [DANTE e.V.](#): German users group
- [The LaTeX Project](#)
- [more groups](#) listed by the TUG

Blogs:

- [TeXblog](#): News and information by Stefan Kottwitz
- [Some TeX Developments](#): blog by LaTeX developer Joseph Wright
- [LaTeX Alive](#): blog by Will Robertson
- [LaTeX for Humans](#): Tips, resources and tutorials
- [because LaTeX matters](#)
- more to be found on texample.net/community

Distributions: - where to get a complete TeX system:

- [TeX Live](#): TeX system for Linux, Unix, Mac OS X and Windows
- [MiKTeX](#): user-friendly TeX system for Windows
- [proTeXt](#): easy-to-install distribution for Windows, based on MiKTeX
- [MacTeX](#): TeX Live customized for Mac OS X with useful additions

Editors:

- Cross-platform: [Texmaker](#), [TeXstudio](#), [TeXworks](#), [Emacs](#)
- Windows: [TeXnicCenter](#), [WinEdt](#) ([community](#)), [LEd](#), [LaTeX-Editor](#), [WinShell](#)
- Linux: [Kile](#), [gedit](#) and [plugin](#)
- MAC OS X: [TeXShop](#)

Viewers:

- see [Output viewers topic](#) for all platforms and formats

Friends: - Software related to TeX and LaTeX

- The [ConTeXt Garden](#)
- [LyX homepage](#) and [wiki](#)
- [LuaTeX](#)
- [GNU TeXmacs](#)
